TOWN OF POTSDAM COMPREHENSIVE PLAN

WHAT IS A COMPREHENSIVE PLAN?

A comprehensive plan builds vision for a community. It provides a legal defense for regulations, provides a vision for the development of the community, and looks for ways to enhance community assets.

We Need Your Input!

Work on the Town's Comprehensive Plan began in the fall of 2017. About 20 people attended an initial session to brainstorm ideas under the categories: *Quality of Life, Infrastructure, Land Use, Housing, Energy, and Economic Development*. Twelve meetings followed at which the assets and concerns we have as a community were discussed. The result is a list of draft goals and action items. These are not complete, nor are they final - it is simply where we are at the moment. Ways to contribute your comments and input are shown above.

Be part of the conversation for the Town of Potsdam's future!
